Vestax VCI-300

A fully integrated and portable DJ performance system, the VCI-300 provides platters, knobs, faders, and switches to manipulate more than 90 parameters and functions in the ITCH software. No other hardware/software package in the world can match the power, flexibility, and ease-of-use of the VCI-300/ITCH DJ System.

PMC-06 Pro

With a shaped up SLIM fit, this professional mixing controller is great for speed cuts and dynamic scratching. As the space between two turntables is considerably reduced, the possibility to perform some amazing juggling and other tricks is huge.
